Safety is working
together to avoid the risks

HSBC UK

HSBC Safeguard

Fraud and financial crime is becoming increasingly sophisticated and globally organised. To stay one step ahead, we have a series of initiatives that are designed to detect and deter fraudsters and criminals. In order for us to protect you and your finances, we need your help.

To ensure we really understand you we need to know:

- ◆ who you are and where you live;
- ◆ where your money comes from;
- ◆ how you will use your accounts.

When you join us

When you open an account with us, the questions we ask will help us get to know you and protect you from financial crime.

Continual protection

Once your account is open, the systems and processes we utilise to keep you safe rely on us having the most up-to-date information. If your circumstances change, such as getting a new job or other big events in your life, please help us continue to protect you by letting us know.

To assist in your continued protection from fraud and financial crime, from time to time we may ask you for your help and contact you to:

- ◆ confirm or update your existing details;
- ◆ provide new information;
- ◆ come into branch with original documents.

We understand that this may seem inconvenient, however we will work with you to ensure the process is as simple and straightforward as possible.

What other information and documents do I need to provide?

If you are applying for a new HSBC account and have an existing UK bank account we may ask to see your last three months' worth of original statements (not printed from the internet).

Additionally, we'll ask you for the following information:

- ◆ why you want to open the account;
- ◆ how much you expect to pay in each month;
- ◆ your salary and details of any assets you have;
- ◆ your employer's address and phone number;
- ◆ your business account details if you're self-employed;
- ◆ your nationality/citizenship*;
- ◆ your residence status/tax residence status.

We may also ask for documents to support this information. If you pay tax anywhere other than just the UK we may ask you for your Tax Identification Number (TIN).

During your relationship with HSBC, we may contact you from time to time to ask you to confirm or update your information.

This is to help us keep you protected and so we can continue to provide you with the right banking services for your needs. If we are unable to acquire all the information we need, we may not be able to continue to provide you with banking services.

Proof of identity documents

Please provide us with one of the original documents listed below. Unfortunately, we cannot accept copies or documents printed from the internet:

- ◆ valid full passport. Temporary passports are not acceptable
- ◆ EEA or Swiss national identity card
- ◆ valid UK driving licence: photocard (full or provisional), or old-style paper licence (full only).

If you are not able to provide us with the proof of identity documents, we need to see one of the items from the list below:

Identifying you

Whether you are opening an account with us today, or held accounts with us for a long time, we may need to see proof and take a copy of your identity and your home address. This is a legal requirement that helps us protect you from criminals who might use your name or information without your knowledge.

This information also helps us make sure we're offering you the products and services that are most suited to your needs.

We will also ask you questions about yourself and how you plan to use the account. In some circumstances we will ask more detailed questions about your income and your wealth.

These checks will also apply to individuals who act under a power of attorney and as executors and those who are principal controllers or beneficial owners of a business or charity banking with HSBC.

What documents do I need to confirm my identity and residential address when opening an account?

For a list of acceptable documents, please see overleaf. We prefer to see documents that are issued by an official authority and include a photograph so they can't easily be forged, such as a passport, national identity card or photocard driving licence. If you can't provide one of these, please make sure your identity and address verification documents include your full first name as well as your surname. If you are under 18 or a Student you should look to provide the standard identification and address verification documents as listed.

Where you cannot provide these, alternative documents can then be accepted as stated overleaf. This list is not exhaustive. If you are applying for our products from outside the UK but within the EU, you may need to provide certified documents as part of your application. If you have any queries about acceptable documentation you can call us on **03456 040 626***, view our website or visit a local branch.

* Lines are open 8am to 10pm every day. Communications may be monitored and/or recorded for security and service improvement purposes.
